

BUILD YOUR OWN TIPPY TAP

tippytap.org

2m forked sticks x2
1m straight sticks x2

1. Dig two holes 18 in (45 cm) deep and about 2 ft (66cm) apart

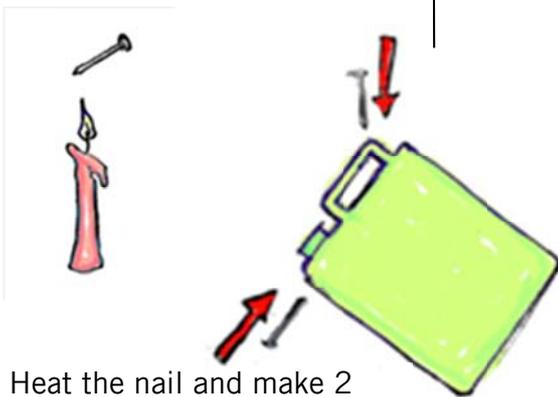

Oil bottom of sticks to prevent termites

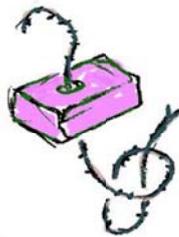

2. Place the forked sticks in the holes and ensure they are level

3. Fill holes with soil & rocks, and pack tightly

4. Heat the nail and make 2 holes in the water container

5. Make a hole in the soap and thread string through it

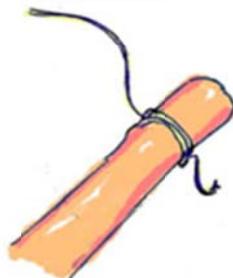

6. Hang container & soap and fill with water

7. Attach string to water container

8. Attach other end to foot lever stick

9. Use gravel basin to capture water
